

Comprehensive Primary Care Plus (CPC+)

A new model for primary care in America

Strengthening primary care is critical to promoting health and reducing overall health care costs. **CPC+**, the largest-ever initiative of its kind, is a five-year, multi-payer initiative to improve primary care in America.

What is CPC+?

Practices participate in one of two program tracks. The track dictates the care delivery capabilities practices develop and the payment structure they receive.

Comprehensive Care

Patient Access

Care Management and Coordination

Patient Engagement and Population Health

Capabilities and Payment by Track

Financial Support

Care Management Payments

Incentive Payments for Quality and Utilization

Alternative to Fee-for-Service Payment Structure (in Track 2 only)

Where is CPC+ being tested?

Practices and payers are partnering in 18 regions.

■ Participating from 2017-2021

■ Participating from 2018-2022

*“We are glad that we were chosen to go down the CPC path and **do not want to go back...**[in CPC+] you will learn so much more about your practice, your patients, and your community.”*

Lawrence Ratcliff, MD

Providence Medical Group, OH

Participant in Original CPC Initiative
