Question 1: I have not heard about my application and the FOA estimated an announcement on April 10th. Can you please provide an update?

Response: Due to procurement regulations, CMS is prohibited from engaging directly with potential applicants during the review process; all information will be disseminated in a public forum.

CMS is still in the process of reviewing TCPI PTN and SAN applications; it is likely that the awards will be announced in late spring or summer.

Successful applicants will receive a Notice of Award (NoA) that will set forth the amount of the award and other pertinent information. The NoA will be sent electronically from GrantSolutions directly to the Authorized Official Representative (AOR) of the awardee organization as listed on its SF 424. Unsuccessful applicants will be notified by email, sent electronically from GrantSolutions to the AOR.

Question 2: I received a response that notified me that the application submitted was ineligible. What should I do if I have a question?
