Please check all CPC+ functions that you can support for participating practices.

We further affirm our intention to participate in the following activities over the course of the Model:

- Partner with CPC+ practices to support the practice in meeting the care delivery objectives for using health IT to deliver comprehensive primary care.
- Provide CMS with 1) a contact focused on CPC+ practice needs and 2) an executive contact to manage the relationship with CMS.
- Participate alongside practices, payers, and other stakeholders in a wide range of CPC+ national learning activities facilitated by CMS’s Center for Medicare and Medicaid Innovation (CMS Innovation Center).

¹ Please note: This functionality is not mandatory. Practices may still qualify for Track 2 without obtaining vendor support for this functionality.

- Participate in virtual meetings at least quarterly with representatives of CMS, other CPC+ stakeholders (including other health IT vendors, practice representatives, and payers), and/or representatives of ONC, to discuss CPC+ requirements and other related topics.

If practice partners are selected to participate in Track 2 and sign the CPC+ Participation Agreement, we intend to sign a Memorandum of Understanding with CMS that will serve as an agreement to pursue the activities described above.
