Today's Agenda

Context

Overview of Medicare Diabetes Prevention Program (MDPP) Proposed Rule

Key Dates

Question and Answer

Problem

By 2050, diabetes prevalence is projected to increase 2 to 3 fold if current trends continue.

25% of Americans 65 or older have type 2 diabetes, and almost half have pre-diabetes.

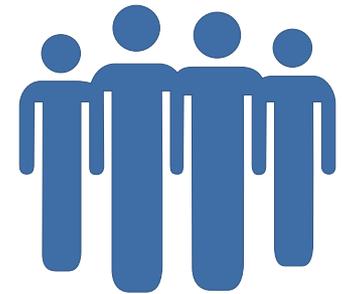

Health care costs are ~\$104 billion annually, and growing.

Health Care Innovation Award

Health Care Innovation Award (HCIA) to The Young Men's Christian Association (YMCA) of the USA (Y-USA).

Feb. 2013 – Jan. 2015

~7,800 beneficiaries

Session Attendance

- 83% ≥ 4
- 63% ≥ 9 or more

CMS Authority to Expand DPP Model

Under Section 1115A(c), the Secretary can expand CMMI Models through rulemaking if:

1. The Secretary determines that the expansion is expected to either reduce spending without reducing quality of care or improve the quality of patient care without increasing spending;
2. The CMS Chief Actuary certifies that the expansion would reduce (or would not result in any increase in) net program spending; and
3. The Secretary determines that the expansion would not deny or limit the coverage or provision of benefits.

- ✓ **Beneficiaries lost an average of 7-9 pounds**
- ✓ **Chief Actuary has certified DPP will not result in an increase in Medicare spending**
- ✓ **DPP will provide services in addition to existing Medicare services**

Overview of Medicare Diabetes Prevention Program (MDPP) Proposed Rule

Key Dates

Question and Answer

How to participate in the MDPP Rulemaking Process

- 1) Read the MDPP proposed rule.
 - Go to www.federalregister.gov
 - Search **CMS 1654-P** (Medicare Physician Fee Schedule Notice of Proposed Rulemaking FY 2017)
 - Go to section (III) J. Or Search “Proposed Expansion of the Diabetes Prevention Program (DPP) Model”
- 2) Comment on the rule.
- 3) Final Rule published November 2016, finalizing supplier eligibility and enrollment.
- 4) Repeat in 2017 to finalize MDPP

Diabetes Prevention Program (DPP)

- Evidence-based intervention targeted to individuals with pre-diabetes with the primary goal of weight loss & behavior change.
- Delivered in community and health care settings by Lifestyle Coaches - trained community health workers or health professionals.
- The Centers for Disease Control and Prevention (CDC) administers the formal recognition process of organizations who would like to participate in the DPP under the **Diabetes Prevention Recognition Program (DPRP)**
 - Details: www.cdc.gov/diabetes/prevention

Proposed Medicare Diabetes Prevention Program Benefit Description

CDC-approved
DPP curriculum

12 month
Core Benefit

Maintenance
Sessions

- Minimum of 16 core sessions
- First 6 months

- Monthly maintenance sessions
- Second 6 months

AFTER 1st YEAR: monthly maintenance sessions IF patient achieves & maintains minimum weight loss

Proposed Beneficiary Entry

- Proposed methods of entry into program:
 - Community-referral
 - Self-referral of patient
 - Physician-referral or other health care practitioners.

Proposed Beneficiary Eligibility

- **Must meet Body Mass Index (BMI) Criteria:**

- ≥ 25 (≥ 23 for Asian beneficiaries)

- **Must have Blood Test Results:**

Have within the 12 months prior to the first core session:

- Hemoglobin A1c of 5.7-6.4%; or
- Fasting plasma glucose of 110-125 mg/dL; or
- Two-hour plasma glucose of 140–199 mg/dL

- **No previous diagnosis of diabetes (gestational diabetes is allowable) or End-Stage Renal Disease (ESRD).**

Proposed Curriculum

During the first 6 months of the DPP intervention, the 16 core sessions must address the following curriculum topics:

Core Sessions	
Welcome to the NDPP	Problem Solving
Self-Monitoring Weight and Food Intake	Strategies for Healthy Eating Out
Eating Less	Reversing Negative Thoughts
Healthy Eating	Dealing with Slips in Lifestyle Change
Introduction to Physical Activity (Move those Muscles)	Mixing Up Your Physical Activity: Aerobic Fitness
Overcoming Barriers to Physical Activity (Being Active – A Way of Life)	Social Cues
Balancing Calorie Intake and Output	Managing Stress
Environmental Cues to Eating and Physical Activity	Staying Motivated, Program Wrap Up

Proposed Curriculum Continued

During the second 6 months of the 12-month Core Benefit the curriculum must address a different topic each month:

Maintenance Session Topics:	
Welcome to the Second Phase of the Program	Stress and Time Management
Healthy Eating: Taking It One Meal at a Time	Healthy Cooking: Tips for Food Preparation and Recipe Modification
Making Active Choices	Physical Activity Barriers
Balance Your Thoughts for Long-Term Maintenance	Preventing Relapse
Healthy Eating With Variety and Balance	Heart Health
Handling Holidays, Vacations, and Special Events	Life with Type 2 Diabetes
More Volume, Fewer Calories (Adding Water, Vegetables, and Fibers)	Looking Back and Looking Forward
Dietary Fats	

Proposed Supplier Enrollment

- Organizations new to Medicare will enroll as a supplier
- Before enrolling in Medicare:
 - DPP organizations **must have either preliminary or full CDC recognition status.**
 - If CDC recognition lapses or is lost, Medicare billing privileges will also be revoked for MDPP services.
 - <http://www.cdc.gov/diabetes/prevention/pdf/dprp-standards.pdf>
- Existing Medicare providers and suppliers would not need to enroll a second time for MDPP services.

Proposed MDPP Supplier Enrollment

- We expect enrollment of CDC-recognized suppliers will begin in 2017
- Full implementation of the MDPP benefit and payment on January 1, 2018

Proposed MDPP Supplier Enrollment Requirements

- Subject to enrollment regulations
- Subject to screening requirements
- Compliance with all other statutes and regulations applicable for Medicare suppliers.

Proposed MDPP Coach Requirement

- Deliver MDPP services
 - Obtain a National Provider Identifier (NPI)
 - Possible enrollment in the Medicare program
- MDPP suppliers would be required to submit the active and valid NPIs of all coaches who would furnish MDPP services

Proposed Reimbursement Parameters

- Payment would be tied to:
 - Number of core sessions attended
 - Weight loss of 5% or 9% of baseline weight
 - Maintenance sessions if 5% or greater weight loss is maintained
- MDPP suppliers requirements:
 - Attest to attendance/weight loss on claims
 - Maintain records of attendance/weight loss for auditing purposes

Proposed Reimbursement Structure

Core Benefit

	<i>Payment per beneficiary (Non-cumulative)</i>
<i>Core Sessions:</i>	
1 session attended	\$25
4 sessions attended	\$50
9 sessions attended	\$100
Achievement of minimum weight loss of 5% from baseline weight	\$160
Achievement of advanced weight loss of 9% from baseline weight	\$25 (in addition to \$160 above)
Maximum Total for Core sessions	\$360
Maintenance Sessions (Maximum of 6 monthly sessions over 6 months in Year 1)	
3 Maintenance sessions attended (with maintenance of minimum required weight loss from baseline)	\$45
6 Maintenance sessions attended (with maintenance of minimum required weight loss from baseline)	\$45
Maximum Total for Maintenance sessions	\$90
Maximum Total for first year	\$450

Proposed Reimbursement Structure

Maintenance Sessions

Maintenance Sessions After Year 1 (minimum of 3 sessions attended per quarter/no maximum)

3 Maintenance sessions attended plus maintenance of minimum required weight loss from baseline

\$45

6 Maintenance sessions attended plus maintenance of minimum required weight loss from baseline

\$45

9 Maintenance sessions attended plus maintenance of minimum required weight loss from baseline

\$45

12 Maintenance sessions attended plus maintenance of minimum required weight loss from baseline

\$45

Maximum Total After First Year

\$180

Proposed Submission of Claims

- Heavily weighted toward achievement of weight loss over the first 6 months
- In the proposed payment structure, claims for payment would be submitted following the achievement of:
 - Core session attendance of 1st, 4th and 9th sessions
 - Minimum weight loss of 5% & 9% or more weight loss
 - Maintenance session attendance & maintenance of minimum weight loss
- Payment rates may be updated annually:
 - PFS or a separate fee schedule.

Proposed IT Considerations

- Suppliers would be required to submit claims
- Claims would be submitted in batches that contain PHI and PII, including the HICN.
- Suppliers can utilize free software package called PC-ACE Pro 32 to submit claims electronically, or purchase claims submission software
- CMS is contemplating technical assistance for MDPP suppliers.

Proposed IT Considerations Continued...

- MDPP suppliers would be required to maintain a crosswalk between beneficiary identifiers submitted to CMS (billing) and the CDC (performance data).
- MDPP suppliers would be required to maintain records for MDPP services provided to beneficiaries for at least 7 years.

Proposed Program Integrity Parameters

- Compliance with Medicare supplier enrollment, program integrity, and payment rules.
- Monitoring, Fraud and Abuse Prevention
- Subject to audits and reviews

Proposed Site of Service Parameters

- MDPP supplier services provided in-person or virtually via remote technologies
- Services provided via a telecommunications system or other remote technology are not considered Medicare telehealth benefits
- Effectiveness of MDPP virtual services may be monitored and evaluated by CMS

Proposed Quality Monitoring

- Suppliers to report on session attendance and weight loss as part of claims submission
- Seek comment on quality metrics for public reporting (not for payment) to guide beneficiary choice of MDPP suppliers?

Proposed Timing

- **Option 1:**
 - Expand the MDPP nationally in its first year of implementation.
- **Option 2:**
 - “Phase-in” approach where MDPP is expanded in certain regions, or furnished to a subpopulation.
